WORK EXPERIENCE

April 2026 - Current

Freelance Web Developer | Independent (via Ling Jin Studio freelance contract)

- Built a secure, production Web App for live cybersecurity workshops with a real-time analytics dashboard (Firestore, Chart.js, CSV export), and delivered iterative releases under client-driven deadlines.

Oct 2025 - May 2026

Live Operations / Trainee system engineer | GamePoint B.V., Den Haag, The Netherlands

- Provided real-time operations and production support for live online games, ensuring service stability through proactive monitoring, incident troubleshooting, and cross-team collaboration during live events.
- Automated operational tasks using Python scripts to improve efficiency and reduce manual overhead.
- Configured, maintained, and monitored game services across multiple platforms, using SQL for operational data analysis under supervision.

Sep 2023 - Oct 2023

Till staff, Stock controller & Customer service advisor | Power City, Dublin, Ireland

May 2022 - Sep 2022

Waiter | Casa do Frango, London, England

Nov 2021 - May 2022

QA Tester | Scarecrow Studios, Sabadell, Barcelona, Spain

- Executed comprehensive testing across the product lifecycle, authored technical documentation and test reports, and collaborated with management on design reviews and quality control improvements.
